

# How to donate

It might look a bit tricky at first as we are using an Indonesian crowd funding platform but all in all its very straightforward, the instructions are only so long because of the screenshots:

1) Use a web browser with integrated translation function, like google Chrome:

	
<p>Using Google Chrome use the right mouse button to see a context menu to offer to translate the page to your language.</p>	<p>The translation is very fast and quite good (but not perfect). Do this every time necessary!</p>

## 2) Click: **Donate Now (Donasi Sekarang)**

 <p>The screenshot shows a donation form for 'International Education Joint Venture'. It includes a dropdown menu for the amount (Rp 0), a 'GO-PAY GO-PAY' button, and a 'CHANGE' link. Below these are input fields for 'Nama Lengkap', 'Nomor WhatsApp atau Email Anda', and a text area for a message. There are also radio buttons for 'KNOW' and 'NOT' regarding the fundraiser 'Fetty Kurniawangsih'. A large pink button at the bottom says 'MORE PAYMENTS'.</p>	<p>The title is not very well translated but you are still with the correct campaign!</p> <p>Enter the amount you want to donate in Indonesian Rupiah, 1 Euro ~ 16000 IDR, so 20 Euro are 320000 and 50 are 800000 IDR.</p> <p>To use another payment option click on <b>CHANGE (GANTI)</b> you will see options to use credit cards (last in the list).</p> <p>Enter your name (Nama Lengkap) or click Hide my name (Anonymous).</p> <p>Enter a contact info like your WhatsApp or email.</p> <p>Here you can type an optional personal message.</p> <p>Answer if know Fetty Kurniawangsih personal.</p> <p>Click <b>MORE PAYMENTS (LANJUT PEMBAYARAN)</b> to continue – this is certainly not the best translation (<b>you do not have to make more payments!</b>)</p>
<p>(this screenshot is the already translated version)</p>	

## 3) Payment Instructions

 <p>The screenshot shows Indonesian payment instructions. It says 'Instruksi Pembayaran' and 'Bayarkan tepat sesuai nominal berikut'. The amount is 'Rp 100.000'. There is a pink button labeled 'Bayar Sekarang'. Below, it mentions that credit card transactions will be processed by Midtrans.</p>	 <p>The screenshot shows English payment instructions. ## **Transfers within Austria / EU**

We asked a trustworthy friend in Austria, if she can help us in case somebody do not want to use a credit card.

Please, contact me using my email: [robert.faber@terramath.com](mailto:robert.faber@terramath.com) so that I can send the bank account information.

If you donate, please state as the purpose / subject: EDUplus Indonesia and write a short message to me as well, including the amount you want to donate. (Just in case there is a problem - but inside the EU the transfers are normally hassle free. Please, mention your name in the email as well – important if you are a donor, I do not know personal.).

As bank fees are considerable, Ellyana will wait with the actual transfer so that not only the bank is earning. After the money arrived we will pay it in to the crowd funding platform. This can take sometime depending how many people are using this way to donate! As soon as I get the message that your donation arrived at our partner account. I will give you a feedback.
